

## Environmentally Preferred Products

**Remember**, a range of green products are available from the Property and Facilities Central Store. View the store catalogue at [www.pf.uq.edu.au/StoresCatalog.html](http://www.pf.uq.edu.au/StoresCatalog.html)

By choosing to purchase these products you can reduce impacts on the environment and help encourage others to purchase recycled and recyclable products! The new Tudor eco manilla folders are now available from the Store, they are 100% recycled!

## Gatton Update Session

Recently at the **Gatton** update session Julianne Bachmann, on behalf of the Gatton Printery, was awarded a certificate for the best new area. Congratulations! The Gatton Printery scored an overall Green Office Rating of **77%** Great work!

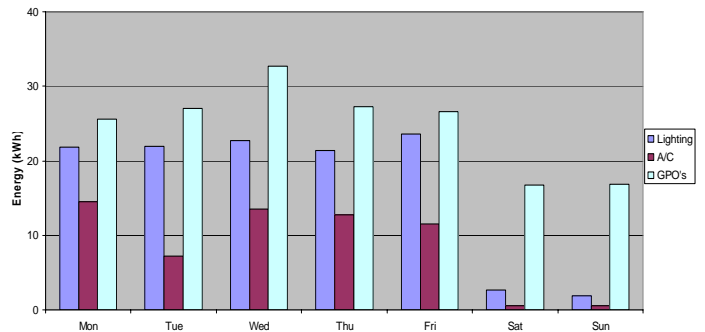

Anyone from the Gatton Campus wishing to join the Green Office Program can contact us on the details below; it would be great to have you on board. Becoming a part of the Green Office Program is easy and you will be helping your office area become environmentally sustainable. See the Unigreen website for more information.

## Energy Study at the Engineering Hut-Property and Facilities

Recently an energy study was conducted at the Engineering Hut at Property and facilities with some very interesting results! The graph shows energy use for each day and I would like to draw your attention to the general power outlet energy usage for **Saturday and Sunday** which is fairly high. An easy way to reduce energy consumption is by switching off appliances, computers and monitors before leaving the office for the weekend.

Engineering Hut Daily Energy Usage

Saving energy also saves water. For example; each kWh of electricity used requires around 2-3 Litres of water during power production (plus CO<sub>2</sub>).

### What you can do...

Switch off lights, computers, monitors, copiers, air-conditioners and other equipment at the end of the day. You can obtain Switch Off, Save Energy Stickers from Environmental Services, Property and Facilities Division.

## Coming events

- Green Office information and training session for St Lucia staff wishing to join the program. This will be held on Thursday 30<sup>th</sup> August 2-3pm, in the Property and Facilities Meeting Room (Bldg 97, Services Road).
- Green Office update and networking session for existing St Lucia reps, held on Thursday 30<sup>th</sup> August from 1-2pm in the Property and Facilities Meeting Room (Bldg 97, Services Road). The topic for this update session will be **CONSERVING ENERGY!** We look forward to seeing you there.
